Attachments: TCE_Isoconcentration_Map.pdf

Hi Chris,

Attached is the TCE figure as quoted in the MSR. Please let me know if you want me to amend the MSR.

Please note for this updated figure has locations through the October Sampling Event.

No additional locations were added during the February Sampling Event, we can update with concentrations when it is received.

Let me know if you have any questions or comments.

Thank you,

Nonresponsive based on revised scope

Nonresponsive based on revised scope

This MSR reports that the Site figure has been updated to include new TCE and PCE locations. I have not received this deliverable. Either please amend the MSR report to include this in next period or submit the map

Thank you
Chris

This message is being sent on behalf of Nonresponsive based on revised scope

Chris,

As required by contract, I am forwarding an electronic copy of WESTON's March 2019 Monthly Progress Report for each of your START5 TDDs with activity this month. This report includes technical and financial information on the project. If you have any questions regarding the content of these reports, please contact the WESTON project team leader assigned to your project.

I will send these reports each month via e-mail. You are receiving this report because you were identified as the WAM in our authorizing document. If this report should be forwarded to a different WAM or you have any problems opening the enclosed attachments, please do not hesitate to contact me.

Thank you,

Nonresponsive based on revised scope
